

# WHY CONDOMS?

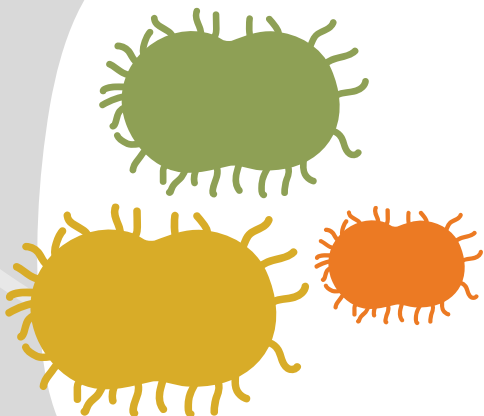

The William Magee Center promotes sexual health and hygiene resources, such as condoms, to help students have a greater understanding of **sexual wellness** and **healthy relationships**.

With free resources and education, students can have a healthier understanding of their bodies and contribute to debunking stigmas and taboos surrounding sexual health and wellbeing

Education and prevention efforts help to pioneer and protect students from the spread of sexually transmitted diseases and infections.

Check out our website to learn more about the resources and information available.
